Colors of Our Lives
by Lisa Winn

Our lives are filled with color from the start,
and red is the love that comes from the heart,
blue is the sadness that drips from our eyes,
but black is the evil that makes us tell lies

Green is the shade of jealousy and rage,
and grey is the hair that comes with old age,
purple is the mood most misunderstood,
but white is the color that makes us feel good.

Life is full of meaningful colors,
but especially white, so hold it close and tight.

Stay the Same

Kristi Widner

As time has changed and seasons have past
We've developed a bond that will forever last.

As we say good-bye in this our final year
We try to hold back those overpowering tears.

We remember those time that seem so long ago
As we grew up together through highs and lows.

We knew this day would eventually be here
But had no idea of its overwhelming fear.

The years have flown by but the memories remain
These faces and names will always stay the same.

So as you go out into this world unknown
Always remember there's no place like home.

The Class of 2007 would like to thank everyone who has supported us over the years. Mainly our parents and class sponsors.
To the parents thank you for putting up with us for eighteen years and pushing us to do our best. Even When it required punishment for report card grades.
To our Sponsors thank you for being there for us. When we had a problem we could always ask you for help. Thank you for being our mentors and help us get to this point. You will always be in our hearts.

Thank you for everything,
The Senior Class of 2007
